

Sign up to be your community's Flood Warden

What are Flood Wardens?

Individual(s) from the local community who act as volunteers to help raise awareness of any flood risks to the local area by:

- Monitoring the condition of drains, culverts, streams and other watercourses
- Reporting any defects or blockages to the appropriate agency or landowners
- Helping to pass on flood warnings when they are issued
- Providing the relevant agencies with local information during a flood event

Full training
will be provided
free of charge to
all Flood Wardens

If you are interested in getting involved or would like to find out more, please visit www.floodtoolkit.com to look at the Flood Warden Handbook, email jmaddams@northamptonshire.gov.uk or contact _____

_____ in your community.
